AC adapter
User's manual

Important Safety Precautions

Always follow these basic safety precautions when using your Digital Photo Frame. This will reduce the risk of fire, electric shock and injury.

Warning: To reduce the risk of fire of shock hazard, do not expose this product to rain or water. To prevent the risk of electric shock, do not remove the cover. There are no user-serviceable parts inside. Opening will void your warranty.

Unplug the Digital Photo Frame before performing maintenance. Keep your Digital Photo Frame out of direct sunlight and heat sources. Protect the power cord. Route power cords so that they are not likely to be walked on or pinched by items placed on or against them. Pay particular attention to the point where the power cord is attached to the Digital Photo Frame. Only use the AC adapter included with the Digital Photo Frame. Using any other power adapter will void your warranty. Unplug the power cord from the outlet when the unit is not in charging condition.
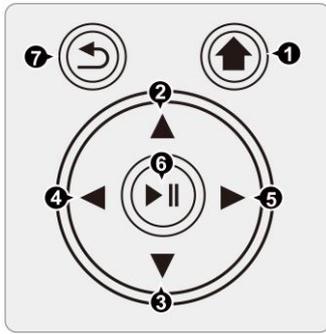

Cleaning the Digital Photo Frame

Clean the outer surface of the product (excluding the screen) with a soft cloth dampened with water.

Cleaning the display

Treat the screen gently. The screen is made of glass and can be scratched or broken. To clean fingerprints or dust from the screen, it is recommended to use a soft, non-abrasive cloth such as a camera lens cloth to clean the screen. If you use a commercial Cleaning Kit, do not apply the cleaning liquid directly to the screen. Clean the screen with cleaning cloth moistened with the liquid.

Button Illustration
